

EZZY AURIEL SYACH LIE

UI/UX & WEB DEVELOPMENT

Tanjungpiannng, Kepulauan Riau | eaurielsyachlie@student.umrah.ac.id

SUMMARY

Informatics Engineering student at UMRAH with a technical foundation in web, mobile, and backend development. Leveraging coding knowledge and sharp attention to UI/UX details to transition into Quality Assurance, ensuring software reliability, robust functional testing, and seamless user experiences.

PROFESSIONAL EXPERIENCE

Internship Jan 2026 - March 2026

Department of Population and Civil Registration of Tanjungpinang City

- **Leadership:** Served as Vice Student Lead, coordinating daily student team operations to support civic agency workflows.
- **Web Development:** Built SIMPEL, a service management application using Express.js and Supabase for database management.
- **Data Management:** Verified, validated, and synchronized physical population records with digital systems to improve data accuracy.
- **Public Service Support:** Assisted with systematic archive management and conducted citizen satisfaction surveys at service counters.

PROJECTS

RAH Verse: Raja Ali Haji Cultural Heritage Digitalization March 2026 – Present

Academic Project (Informatics Engineering)

- Developed a Raja Ali Haji history mobile app using React Native (Expo) and TypeScript.
- Engineered an immersive UI/UX with Liquid Glass Tab Bar, Parallax Hero, and Lightbox interactions.
- Integrated Supabase for secure authentication, real-time database, and cloud storage of digital archives.
- Built a mobile Admin Control Center with advanced CRUD functionalities for seamless content curation.

SKILLS

UIX	Teamwork	Analythical Thinking
Web Development	Communication	

EDUCATION

Bachelor of Informatics Engineering 2023 - Present

Universitas Maritim Raja Ali Haji

- **Relevant Coursework:** Object-Oriented Programming, Database Management Systems, Web Development, Software Engineering, Internet of Things (IoT).

ADDITIONAL INFORMATION

- **Languages:** Indonesian, English.
- **Certifications:** Internship Completion, Python Programming Language Basics, Learn Data Visualization, Workshop Young Aspiring Entrepreneurs
